'Drawing London' is a group of artists united by mutual friendship. We meet every month in different parts of London to capture on paper and canvas the vitality of this great city.

At the end of the day, we share our work and take inspiration from each other. Thus our work has grown and developed over the last 15 years and this exhibition is a celebration of the bond of friendship that is at the core of Drawing London.

Here, you will find displayed a variety of work ranging from oils to watercolours, prints to drawings, abstract to figurative. All united by the common bond of our love for London and for making art.

All done with skill and the warmth of friendship.

We hope that you too will be inspired by this, our 15th Anniversary exhibition.
